

Assembly Instruction for V1216 - 16 Tray Storage

 Warning: Choking Hazard
Assembly hardware contains
small parts. Adult assembly required.

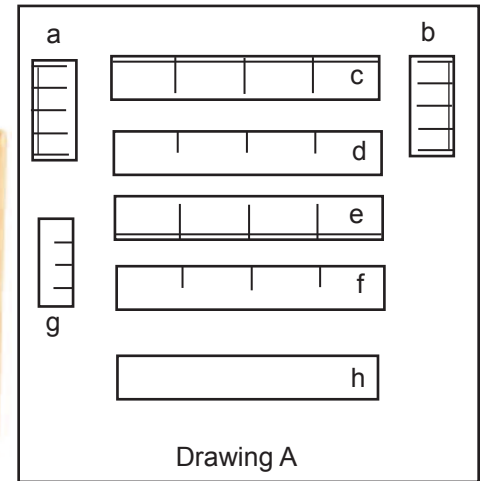

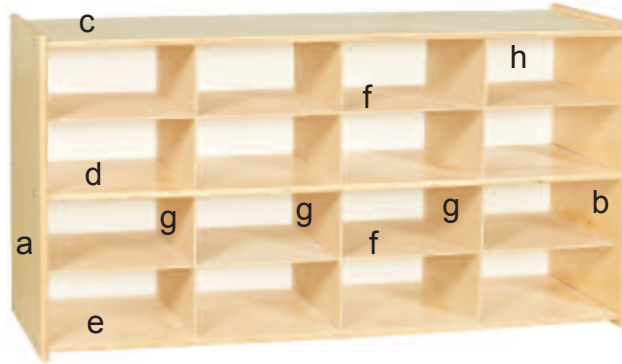

V1216 - 16 Tray Storage

Easy to assemble and just as versatile as our fully assembled units, Childs Play's budget line of storage is just the thing for anyone looking for real value and real wood in their storage units.

Instructions: Unbox unit and find hardware bag inside box.
Before you begin, make sure you have the parts listed below.

Parts List:

- 1 ea - Left Side - a
- 1 ea - Right Side - b
- 1 ea - Top Shelf - c
- 1 ea - Middle Shelf - d
- 1 ea - Bottom Shelf - e
- 2 ea - Hardboard Shelves - f
- 3 ea - Hardboard Partitions - g
- 2 ea - Back - h
- 12 ea - Assembly Screws
- 1 ea - Assembly tool (Included)

Use the square drive bit (provided) in an electric drill or nut driver style screwdriver for easy assembly.

Note: For a stronger product, we would suggest using a white wood glue on the parts that are screwed together.

Assembly Steps:

- 1 - Take the parts ie: L/R Sides, Top, Middle, Bottom, Partitions, Shelves and lay flat on the floor as shown in Drawing A
- 2 - Take side (a) and turn on its edge so the 1/4" narrow groove is facing up and front edge is down.
- 3 - Place the middle shelf (d) (slots in shelf should face towards back of unit) and bottom piece (e) into side (a) one at a time, making sure it fits into the wide grooves and that the 1/4" narrow groove in bottom (e) lines up with the 1/4" narrow groove inside (a). Screw together. (Optional - Put a small amount of glue into the dado groove.)
- 4 - Take the top piece (c) and place it into the side piece (a) making sure all grooves line up. Screw together.
(Do not put the other side piece (b) on at this time.) (Optional - Put a small amount of glue into the dado groove.)
- 5 - While unit is on it's face slide the 2 - 1/4" hardboard shelves (f) into the slots on side (a) make sure slots are facing to back.
- 6 - Take the 3 - 1/4" hardboard partitions and slide them into the top and bottom grooves and the slots in the inside shelves.
- 7 - Take the two back pieces (h) and slide them into the 1/4" narrow groove long ways, making sure the backs are all the way into the 1/4" narrow grooves all around. (You can face the white side in or out.)
- 8 - Holding the unit firmly together on the open end, flip the unit up onto side (a) (see picture Step 9 below).
- 9 - Position side (b) to line up with the top, middle, bottom, shelves and back pieces, pushing it until the pieces fit together in the grooves. Screw one screw into the top and bottom first, then screw in all remaining screws.
- 10 - Turn the unit upright and unit is ready to use.

Assembly Instruction for V1220 - 20 Cubbie Storage

 Warning: Choking Hazard
Assembly hardware contains
small parts. Adult assembly required.

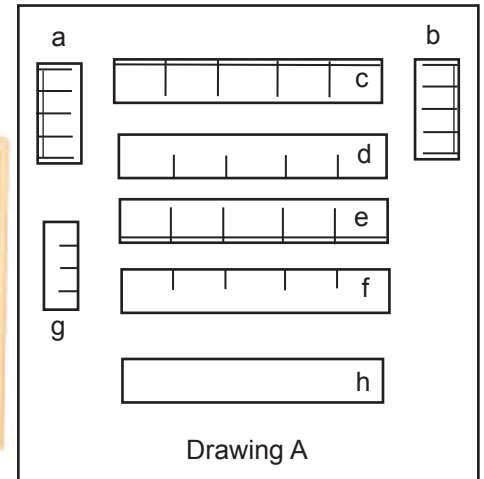

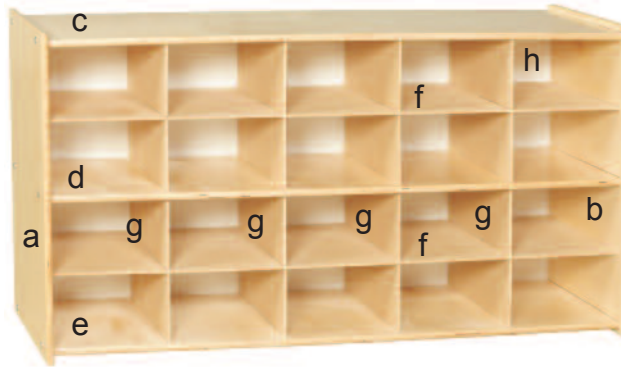

V1220 - 20 Cubbie Storage

Easy to assemble and just as versatile as our fully assembled units, Childs Play's budget line of storage is just the thing for anyone looking for real value and real wood in their storage units.

Instructions: Unbox unit and find hardware bag inside box.
Before you begin, make sure you have the parts listed below.

Parts List:

- 1 ea - Left Side - a
- 1 ea - Right Side - b
- 1 ea - Top Shelf - c
- 1 ea - Middle Shelf - d
- 1 ea - Bottom Shelf - e
- 2 ea - Hardboard Shelves - f
- 4 ea - Hardboard Partitions - g
- 2 ea - Back - h
- 12 ea - Assembly Screws
- 1 ea - Assembly tool (Included)

Use the square drive bit (provided) in an electric drill or nut driver style screwdriver for easy assembly.

Note: For a stronger product, we would suggest using a white wood glue on the parts that are screwed together.

Assembly Steps:

- 1 - Take the parts ie: L/R Sides, Top, Middle, Bottom, Partitions, Shelves and lay flat on the floor as shown in Drawing A
- 2 - Take side (a) and turn on its edge so the 1/4" narrow groove is facing up and front edge is down.
- 3 - Place the middle shelf (d) (slots in shelf should face up towards back of unit) and bottom piece (e) into side (a) one at a time, making sure it fits into the wide grooves and that the 1/4" narrow groove in bottom(e) lines up with the 1/4" narrow groove inside (a). Screw together. (Optional - Put a small amount of glue into the dado groove.)
- 4 - Take the top piece (c) and place it into the side piece (a) making sure all grooves line up. Screw together.
(Do not put the other side piece (b) on at this time.) (Optional - Put a small amount of glue into the dado groove.)
- 5 - While unit is on it's face slide the 2 - 1/4" hardboard shelves (f) into the slots on side (a) make sure slots are facing to back.
- 6 - Take the 4 - 1/4" hardboard partitions and slide them into the top and bottom grooves and the slots in the inside shelves.
- 7 - Take the two back pieces (h) and slide them into the 1/4" narrow groove long ways, making sure the backs are all the way into the 1/4" narrow grooves all around. (You can face the white side in or out.)
- 8 - Holding the unit firmly together on the open end, flip the unit up onto side (a) (see picture Step 9 below).
- 9 - Position side (b) to line up with the top, middle, bottom, shelves and back pieces, pushing it until the pieces fit together in the grooves. Screw one screw into the top and bottom first, then screw in all remaining screws.
- 10 - Turn the unit upright and unit is ready to use.

Assembly Instruction for V1222 - Toddler Two Shelf Storage with Divider

 Warning: Choking Hazard
Assembly hardware contains
small parts. Adult assembly required.

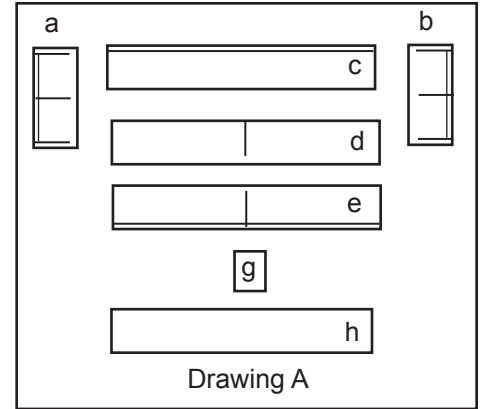

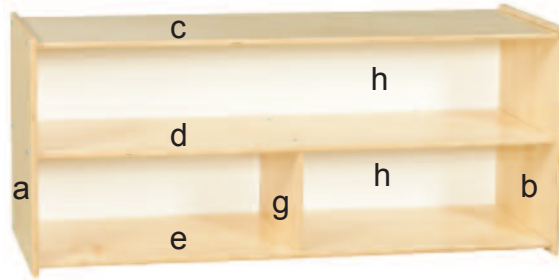

V1222 - Toddler Two Shelf Storage with Divider

Easy to assemble and just as versatile as our fully assembled units, Childs Play's budget line of storage is just the thing for anyone looking for real value and real wood in their storage units.

Instructions: Unbox unit and find hardware bag inside box.
Before you begin, make sure you have the parts listed below.

Parts List:

- 1 ea - Left Side - a
- 1 ea - Right Side - b
- 1 ea - Top Shelf - c
- 1 ea - Middle Shelf - d
- 1 ea - Bottom Shelf - e
- 1 ea - Partition - g
- 2 ea - Back - h
- 16 ea - Assembly Screws
- 1 ea - Assembly tool (Included)

Use the square drive bit (provided) in an electric drill or nut driver style screwdriver for easy assembly.

Note: For a stronger product, we would suggest using a white wood glue on the parts that are screwed together.

Assembly Steps:

- 1 - Take the wood parts ie: Left and Right Sides, Top, Middle, Bottom, Divider and lay flat on the floor as shown in Drawing A
- 2 - Place the partition (g) into the wide groove of the bottom piece (e) making sure that the rounded edge is pushed all the way forward into the round end of the wide groove. Now screw in two screws to attach (g) to (e).
- 3 - Attach the middle shelf (d) to partition (g) in the same manner. (Optional - Put a small amount of glue into the dado groove.)
- 4 - Take side (a) and turn on its edge so the 1/4" narrow groove is facing up and front edge is down.
- 5 - Place the previously assembled middle shelf and bottom shelf into side (a), making sure it fits into the wide grooves and that the 1/4" narrow groove in (e) lines up with the 1/4" narrow groove in side (a). Screw together.
- 6 - Take the top piece (c) and place it into the side piece (a) making sure all grooves line up. Screw together.
(Do not put the other side piece (b) on at this time.) (Optional - Put a small amount of glue into the dado groove.)
- 7 - Take the two back pieces (h) and slide them into the 1/4" narrow groove long ways, making sure the backs are all the way into the 1/4" narrow grooves all around. (You can face the white side in or out.)
- 8 - Holding the unit firmly together on the open end, flip the unit up onto side (a) (see picture Step 9 below).
- 9 - Position side (b) to line up with the top, middle, bottom and back pieces, pushing it until the pieces fit together in the grooves. Screw one screw into the top and bottom first, then screw in all remaining screws.
- 10 - Turn the unit upright and unit is ready to use.

Assembly Instruction for V1226 - Preschool Two Shelf Storage

 Warning: Choking Hazard
Assembly hardware contains
small parts. Adult assembly required.

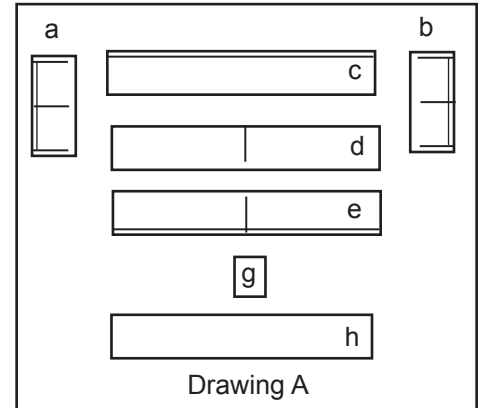

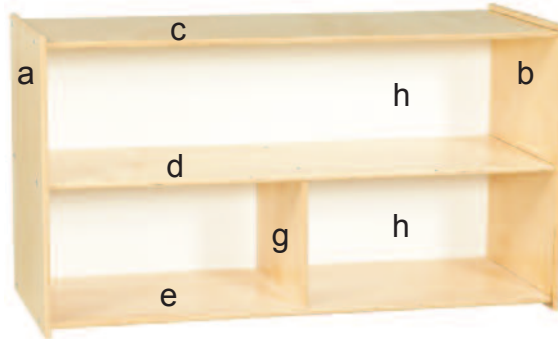

Preschool Two Shelf Storage V1226

Easy to assemble and just as versatile as our fully assembled units, Childs Play's budget line of storage is just the thing for anyone looking for real value and real wood in their storage units.

Instructions: Unbox unit and find hardware bag inside box.
Before you begin, make sure you have the parts listed below.

Parts List:

- 1 ea - Left Side - a
- 1 ea - Right Side - b
- 1 ea - Top Shelf - c
- 1 ea - Middle Shelf - d
- 1 ea - Bottom Shelf - e
- 1 ea - Partition - g
- 2 ea - Back - h
- 16 ea - Assembly Screws
- 1 ea - Assembly tool (Included)

Use the square drive bit (provided) in an electric drill or nut driver style screwdriver for easy assembly.

Note: For a stronger product, we would suggest using a white wood glue on the parts that are screwed together.

Assembly Steps:

- 1 - Take the wood parts ie: Left and Right Sides, Top, Middle, Bottom, Divider and lay flat on the floor as shown in Drawing A
- 2 - Place the partition (g) into the wide groove of the bottom piece (e) making sure that the rounded edge is pushed all the way forward into the round end of the wide groove. Now screw in two screws to attach (e) to (g).
- 3 - Attach the middle shelf (d) to partition (g) in the same manner. (Optional - Put a small amount of glue into the dado groove.)
- 4 - Take side (a) and turn on its edge so the 1/4" narrow groove is facing up and front edge is down.
- 5 - Place the previously assembled middle shelf and bottom piece into side (a), making sure it fits into the wide grooves and that the 1/4" narrow groove in (e) lines up with the 1/4" narrow groove in side (a). Screw together.
- 6 - Take the top piece (c) and place it into the side piece (a) making sure all grooves line up. Screw together.
(Do not put the other side piece (b) on at this time.)
- 7 - Take the two back pieces (h) and slide them into the 1/4" narrow groove long ways, making sure the backs are all the way into the 1/4" narrow grooves all around. (You can face the white side in or out.)
- 8 - Holding the unit firmly together on the open end, flip the unit up onto side (a) (see picture Step 9 below).
- 9 - Position side (b) to line up with the top, middle, bottom and back pieces, pushing it until the pieces fit together in the grooves. Screw one screw into the top and bottom first, then screw in all remaining screws.
- 10 - Turn the unit upright and unit is ready to use.

Assembly Instruction for V1235 - Large Divided Shelf Storage

 Warning: Choking Hazard
Assembly hardware contains
small parts. Adult assembly required.

V1235 - Large Divided Shelf Storage

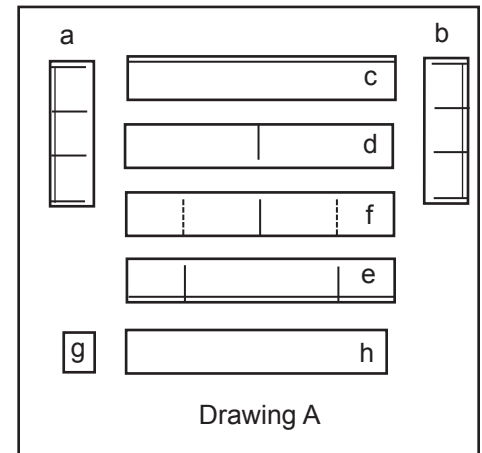

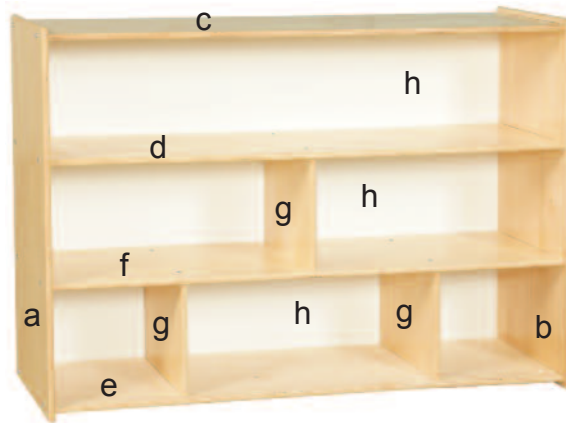

Easy to assemble and just as versatile as our fully assembled units, Childs Play's budget line of storage is just the thing for anyone looking for real value and real wood in their storage units.

Instructions: Unbox unit and find hardware bag inside box.

Before you begin, make sure you have the parts listed below.

Parts List:

- 1 ea - Left Side - a
- 1 ea - Right Side - b
- 1 ea - Top Shelf - c
- 1 ea - Upper Shelf - d
- 1 ea - Bottom Shelf - e
- 1 ea - Lower Shelf - f
- 3 ea - Partition - g
- 3 ea - Back - h
- 28 ea - Assembly Screws
- 1 ea - Assembly tool (Included)

Use the square drive bit (provided) in an electric drill or nut driver style screwdriver for easy assembly.

Note: For a stronger product, we would suggest using a white wood glue on the parts that are screwed together.

Assembly Steps:

- 1 - Take the wood parts ie: Left and Right Sides, Top, Upper shelf, Lower shelf, Bottom, 3 Dividers and lay flat on the floor as shown in Drawing A
- 2 - Place the partition (g) into the groove of the lower shelf piece (f) making sure that the rounded edge is pushed all the way forward into the round end of the groove. Now screw in two screws to attach all 3 partitions (g) to lower shelf piece (f).
- 3 - Attach the upper shelf piece (d) to partition (g) which is already attached to shelf (f).
- 4 - Attach the bottom shelf piece (e) to the 2 partitions (g) which are already attached to shelf (f).
- 5 - Take side (a) and turn on its edge so the 1/4" narrow groove is facing up and front edge is down.
- 6 - Place the previously assembled middle two shelf and bottom piece into side (a), making sure it fits into the wide grooves and that the 1/4" narrow groove in (e) lines up with the 1/4" narrow groove in side (a). Screw together.
- 7 - Take the top piece (c) and place it into the side piece (a) making sure all grooves line up. Screw together.
(Do not put the other side piece (b) on at this time.) (Optional - Put a small amount of glue into the dado groove.)
- 8 - Take the three back pieces (h) and slide them into the 1/4" narrow groove long ways. Making sure the backs are all the way into the 1/4" narrow grooves all around. (You can face the white side in or out.)
- 9 - Holding the unit firmly together on the open end, flip the unit up onto side (a) (see picture Step 9 below).
- 10 - Position side (b) to line up with the top, middle, bottom and back pieces, pushing it until the pieces fit together in the grooves. Screw one screw into the top and bottom first, then screw in all remaining screws.
- 11 - Turn the unit upright and unit is ready to use.
